**BUNDED BOWSERS AND FUEL TANKS**

1000 LTR BUNDED HIGHWAY BOWSERS

### **Agroco Trailers Bunded Bowsers - Site Bowsers, Highway Bowsers and Adblue Bowsers**

**Manufactured from 3mm steel with flat ends and anti surge baffle plates. Fitted with either 90 litres per minute hand pump or 12v electric pump, 6m of delivery hose, aluminium trigger nozzle and sight gauge.**

All units are gloss painted in a colour of your choice. The highway model can be supplied with a 40mm eye or 50mm ball hitch. Extras draw off and return for generator use, upgrade to 110v pump, digital flow meter for electric pumps or mechanical flow meter.

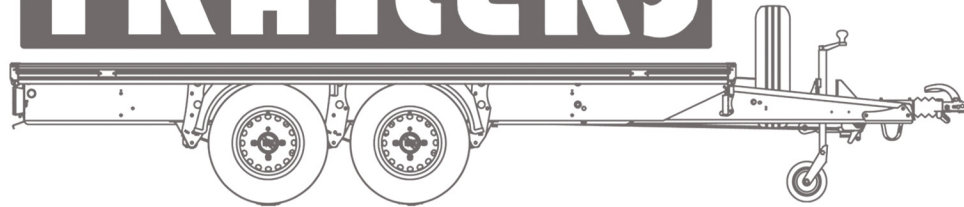

1000 LTR BUNDED SKID UNIT

### **Agroco Trailers Bunded Fuel Tanks**

**Agroco Trailers bunded fuel tanks are the same as the mobile units but without the under gear.** They are mounted on a galvanized skid unit and can be moved with a forklift. If mounted in a trailer they become a fully legal road going bowser. All units are supplied with a 90ltr per minute hand pump or 12v electric pump, 6m of delivery hose and aluminium trigger nozzle and sight guage. All units are gloss painted in a colour of your choice. Extras: draw off and return for generator use, upgrade to 110v pump, digital flow meter for electric pumps or mechanical flow meter.
